Sie-H₂0-Bots is the first Water town historics Robotics team. They are a community of people, including teens, teachers, parents, and others from the community of Watertown, working together to meet a challenge. The "H₂0" represents Steele Brook that runs through Watertown. "Bots" is short for robots. The mission of the team was to construct a remote-controlled robot to perform a specific task in competition. This year's task was to carry "floppies", stuffed objects similar to pillows, and place them in a container. The robot also had to be able to raise the container 8 feet and be able to climb onto a platform. Faculty advisors were Mr. Pallokat and Mrs. Schultz. The team competed in regional competitions, as well as the national competition in Orlando, Florida.

Into My Own

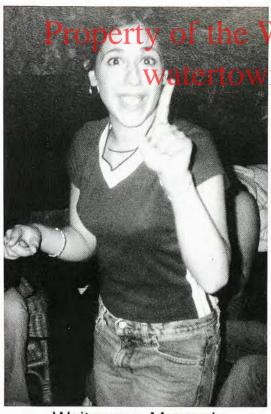

One of my wishes is that those dark trees, So old and firm they scarcely show the breeze, Were not, as 'twere, the merest mask of gloom, But stretched away unto the edge of doom.

I should not be withheld but that some day
Into their vastness I should steal away,
Fearless of ever finding open land,
Or highway where the slow wheel pours the sand.

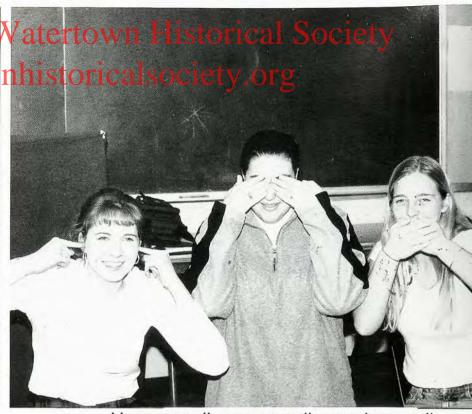

I do not see why I should e're turn back, Or those should not set forth upon my track To overtake me, who should miss me here And long to know if still I held them dear.

They would not find me changed from him they knew-Only more sure of all I thought was true.

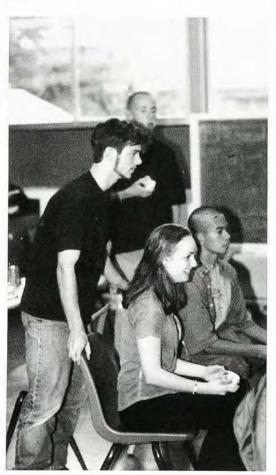

Wait a sec, Marcey!

Hear no evil, see no evil, speak no evil.

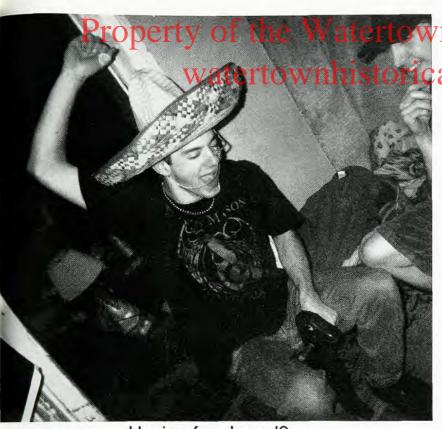

Honor Society students hard at work.

Peace, love, and happiness.

Black diamond or bunny slope?

Having fun Jarrod?

Do you really have to go that bad?

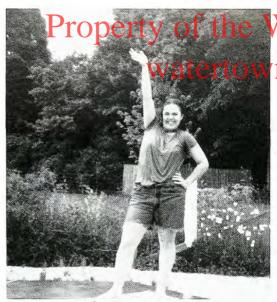

I didn't do it, I swear!

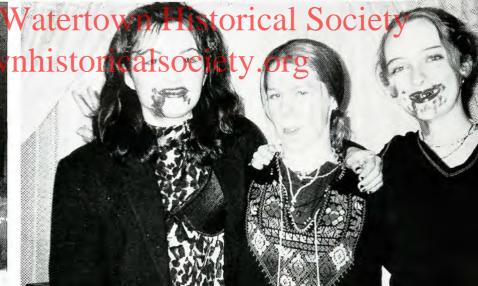

Katie? Denise?- are you in there?

I'm the Easter Bunny!

Strike a pose!

What? We were hungry!

I told you I could fit in here!

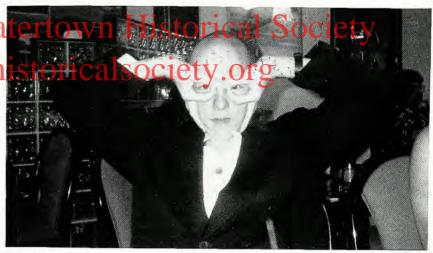

How ya doin' Gilligan?

Hey baby- wanna dance?

Do I have something on my chin?

I'm using my X-ray vision- I can see you naked!

Goin' fishin'?

Watch out!

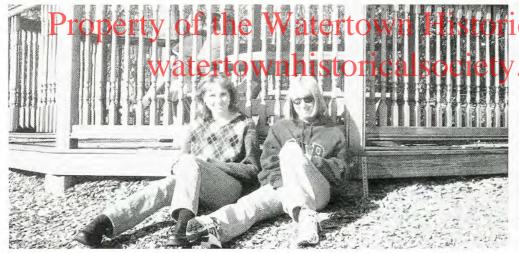

I knew I should have thought about how to get down!

Why wasn't I born a woman?

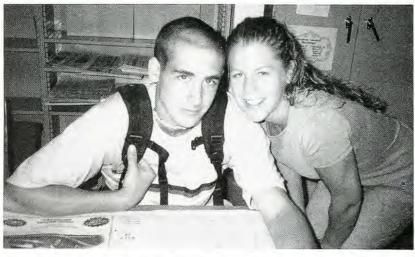

Rough race, Heidi?

Double Trouble

For the past few years, Watertown has proved to the Naugatuck Valley League that they are not the same team that has run in the past. These kids were out to win and wouldn't accept anything less. Clinching two consecutive titles, the boys can say they have accomplished their goals and that they have succeeded. Also, a fresh group of female runners took home the title this year. No cross country team in the history of WHS has ever accomplished what this fine group has worked so hard for. This year, Coach Jeromie Shumacher led seniors Billy Galpin, Toni Perugini, James Ocampo, Scott Scholl, Kris Halliwell, Kate Mulreed, and the rest of the team to their second straight NVL title and a win at the Windham Invitational. Congratulations on what has been so obviously deserved for years!

Indian Pride

The Watertown Football Team ended another successful season with a record of 6-4. The six wins gave the senior members of the team twenty-three victories in their varsity careers, which equals the most wins total in the history of the program. They also have the honor of saying that they never lost two games in a row in their varsity careers. Nineteen seniors will graduate from the program this year, and they are all destined for great things.

Historically, the football games have informally drawn all corners of the school together. People of all types attended these frigid night games. The community avidly supported the team in their quest.

Congratulations to Bruce Lavoie (QB), Jason Aldredge (OG), Jason St. John (OT), Paul Rosenbeck (WR), and John J'Anthony (LB) who where placed on the 1st All-NVL team. Also, John J'Anthony and Jason Alldredge were named to the first All-State team.

Towards the Goal

The 1998 boys' soccer team was not only packed with skill, but it was full of character. The friendships on the team made them better at the game of soccer.

The team finished the season in third place in the NVL, with a record of 12 wins and 5 losses. There were many highlights in the season including defeating Watertown's biggest rival, Holy Cross, on their home field. We defeated the well-skilled team of Torrington not only once, but twice, and had a heroic comeback from a 2 goal difference against Crosby, to defeat them 3-2.

Coach Joe Del Buono made the battle plans for the Indians and they attacked. With the powerful seniors captains Mike Sabol and Ian McQuade, and help from Dritan Ajro, Nick Gugliotti, Nick Calabrese, Ryan McNally, Ralph Polletta, and Joe Ferrucci, the Indians were superior to most of their opponents. The Italian connection of Gugliotti, Polletta, Calabrese, and Ferrucci added muscle to the team and strengthened the game. The Indians maintained a successful season both by winning games and improving mentally and physically.

Final Conquest

This year started with a nervous feeling in everyone's stomachs. But, the captains met with the coach before the season started, and all the uneasiness went away. Expectations were agreed upon, and goals were set. After a couple of early morning practices, the girls were in shape, thanks to Meeghan Coffey. We played well, tying our first game and winning the second. Three losses put us back against the wall though- we had to win all of our games, or the season would be a loss. We continued on our quest, with the captains always pushing everyone to give more. They had not won an NVL title in their previous three years. So, as the year progressed, we got better in every aspect of the game. We were doing what we had to do to win! Wow- and win we did! Finally all the marbles were

Wow- and win we did! Finally all the marbles were up for grabs along with the NVL title. Holy Cross had tied with our regular season record, so who better to beat in a tie breaker on our home field than our green

and gold arch-rivals. The title was ours!

And then came states. Watertown won the first two games, only to lose by one goal to Darien in the quarter finals. But, our goals had been met, and what a great year it was! All and all-great job girls!

First year head coach Andrew Taddei takes on the task of pointing the WHS team in the right direction.

A Fresh Start

The Watertown High School boys' basketball team made great strides in the 1998-99 season, showing great promise to be future NVL contenders. Coach Andrew Taddei, in his first season as head coach, brought enthusiasm back to the players, as well as the community.

Their great core of young players have already found success on the junior varsity level, dramatically improving their record from last year. Meanwhile, freshmen coach George Palomba continued to give players their introduction to Watertown basketball, and established the foundation of our program for years to come.

This season was marked by great players, such as senior John J'Anthony, Engell Pasha, Chris Smolley, Tim Baker, and Justin Neuman. Many of the above mentioned and other strong underclassmen should lead Watertown High Basketball to future success in the NVL.

Fran combined with Ann Belforti, Kellie Buccini, Sara Beckley, and Tina Morales to start the greater portion of this year's contests.

With Kellie Buccini and Sara Beckley's expertise in rebounding, the Indians built a strong defensive line. Ann Belforti was given the opportunity to demonstrate her scoring ability. Senior Fran Cassullo, the only senior member on this year's team, shared her valuable experience and determination with her younger teammates. She led the team with the highest free throw percentage through most of the season (70%).

I'll Catch the Sun

I'll catch the sun and never give it back again. I'll catch the sun And in a world where no one understands I'll take my outstretched hand and offer it to anyone who comes along and tells me he's in need of love. In need of hope or maybe just a friend. Perhaps in time I'll even share my sun with that new anyone to whom I gave my hand.

Accepting the challenge of producing a yearbook was a difficult decision to make. When the three of us wrote letters requesting our respective positions, we really had no idea what they entailed. A year later, we now realize how much work, time, effort, and dedication are required to produce a wonderful keepsake full of memories of our high school years. We have had so many good times as a class, and it was extremely difficult to only pick a few pictures. But, despite all of the long hours and orders of take-out food, we have finally accomplished our task. We hope you enjoy reading this book as much as we do. We could never have accomplished what we have without the valuable advice of our advisor, Mrs. Legge, and our Josten's representative, Jim Toomey. Without them, this book could never have been completed. We must also say to this year's night staff of janitors that we are ever-appreciative of them always opening the writing lab door for us. And to Ric Daunis. thanks for showing up all those times with such little notice. As always, your pictures were superb! A big thanks to Ms. Molloy and the rest of the administration for being so accomodating to our schedules. We also must not forget to thank Mrs. Walluck and Mr. Kuegler for their computer expertise. Last, but not least, to our yearbook staff- thanks and great job!!!

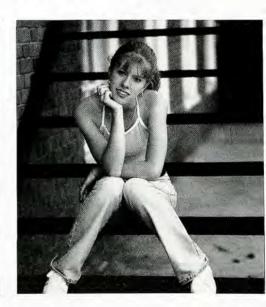

To the class of 1999, congratulations, for we are truly incredible. From the first time we entered the high school, the halls of Watertown were changed forever. But, even with the obstacles we faced, the last class of the millenium has proven to be a great one. Many of us will go on to college next year, and some will get jobs or pursue other dreams. Wherever you go, don't forget the friends you have made and all of the people that have helped you accomplish the goals you have met so far. Each new day will prove to be a challenge, but you will always have a friend in Watertown ready to lend a hand.

Keep reaching for the stars and never let your dreams die. Be proud to say that you were a member of the class of 1999, a truly special group.

With our fondest wishes, Sarah, Liz, and Megan
